MERCY'S ANATOMY

Document MA-006: Official Cast Table, Seasons 1-22

Revision B. Canon Lock v2.0. 142 character entries. Supersedes the status lines in MA-005 wherever they differ

STATUS: LOCKED IN. This is the official billing record for every character in MA-005: who is **Main**, **Recurring**, **Guest Star** or **Special Guest Star** in each of the 22 seasons, how many seasons each character appears in, and every promotion or demotion in billing. Entries that MA-005 listed as 'various', flashback-only or pending have been given exact seasons here.

Billing Rules

- **Main:** a series regular, credited in the opening titles for that season.
- **Recurring:** appears in multiple episodes that season with an ongoing storyline, but is not a series regular.
- **Guest Star:** a one-off or short-arc appearance that season.
- **Special Guest Star:** the billing for a **former Main cast member** returning as a guest. It applies automatically to any guest appearance after a character's first Main season.
- **Promotion:** moving up in billing (for example, Recurring to Main). **Demotion:** moving down (for example, Main to Recurring). A gap of one or more seasons is listed as an absence and a return.
- **Season count** means the number of seasons in which the character appears in any billing. In-story job promotions (intern to resident to attending) follow MA-004 and the character sheets, not this table.
